Sir:

In the response filed on December 12, 2005, applicants submitted a terminal disclaimer. However, in view of the distinctions between the present invention and the teachings of Taniguchi set forth in the response filed concurrently herewith, applicants hereby petition under 37 CFR 182 to withdraw the terminal disclaimer. The terminal disclaimer is not necessary to overcome the double patenting rejection set forth in the Office Action dated September 12, 2005. See § 1490, V, A of the Manual of Patent Examining Procedure. The Petition Fee is submitted concurrently herewith.

Respectfully submitted,
